

Gerenciando o Perfil do Pesquisador na Web of Science

Deborah Dias

2023

**Every
researcher**

**Needs
to tell the story
of their impact**

7 maneiras de aumentar o impacto de sua pesquisa

1. Seja estratégico na escolha das palavras-chave e títulos
2. Use identificadores (Researcher ID, ORCID) para certificar-se de ter o crédito para o seu trabalho
3. Tenha certeza que todos os seus perfis estão corretos e interrelacionados (links)
4. Publique em Open Access e/ou deposite seu trabalho em repositórios Open Access
5. Compartilhe seu trabalho além do seu manuscrito (data sets, software, etc.)
6. Promova seu trabalho (conferencias, redes academicas online, etc.)
7. Considere escrever para uma audiencia mais ampla (publicar um blog, ter um website pessoal)

Procurando documentos por um nome

The screenshot shows a search interface with two tabs: 'DOCUMENTS' (highlighted with a purple box) and 'RESEARCHERS'. Below the tabs, there are dropdown menus for 'Search in: Web of Science Core Collection' and 'Editions: All'. A purple text box is overlaid on the interface, stating: 'Normalmente é difícil recuperar as publicações de um autor procurando pelo seu nome (especialmente se vários autores tem o mesmo nome e iniciais)'. Below this, there is a search input field with a dropdown menu set to 'Author'. The input field contains the text 'Example: O'Brian C* OR OBrian C*' and a green 'AZ' icon. A dropdown menu is open, showing a list of search fields: 'All Fields', 'Topic', 'Title', 'Author' (highlighted), and 'Publication Titles'. A purple box highlights the 'Author' field description: 'Author' 'Searches these fields: Authors and Group Author. For Authors, enter the last name first followed by a space and the author's initials.' 'Examples: johnson m*'. To the right of the input field are 'Clear' and 'Search' buttons.

A solução – Identificador do Autor!

Procurando documentos por um identificador

The screenshot shows the Web of Science interface. At the top, there are two tabs: "DOCUMENTS" (highlighted with a purple box) and "RESEARCHERS". Below the tabs, there is a search bar with the text "Search in: Web of Science Core Collection" and "Editions: All". Below the search bar, there are three tabs: "DOCUMENTS" (highlighted with a purple box), "CITED REFERENCES", and "STRUCTURE". On the left side, there is a dropdown menu labeled "Author Identifiers" (highlighted with a purple box) with a list of options: "Author Identifiers", "Author Keywords", "Conference", "Document Type", "DOI", and "Editor". Below the dropdown menu, there is a search box with the text "Search" and a search button. Below the search box, there is a text input field with the text "Example: A-1397-2010 OR 0000-0001-5297-9108". Below the text input field, there is a text box with the text "Author Identifiers" and a description: "Searches the Web of Science ResearcherID and ORCID ID fields. This will return documents authored by the researcher with that Web of Science ResearcherID or ORCID ID." Below the text box, there are examples: "Examples: C-1205-2013" and "0000-0002-8214-5734".

Se o autor reivindicou a autoria de seu trabalho na Web of Science e/ou no ORCID, então seu identificador aparecerá na tabela com os nomes dos autores e seu trabalho será recuperado quando for buscado pelo identificador.

Criando seu Perfil de Pesquisador na Web of Science

Funcionalidades que você obtém com seu Perfil de Pesquisador na Web of Science

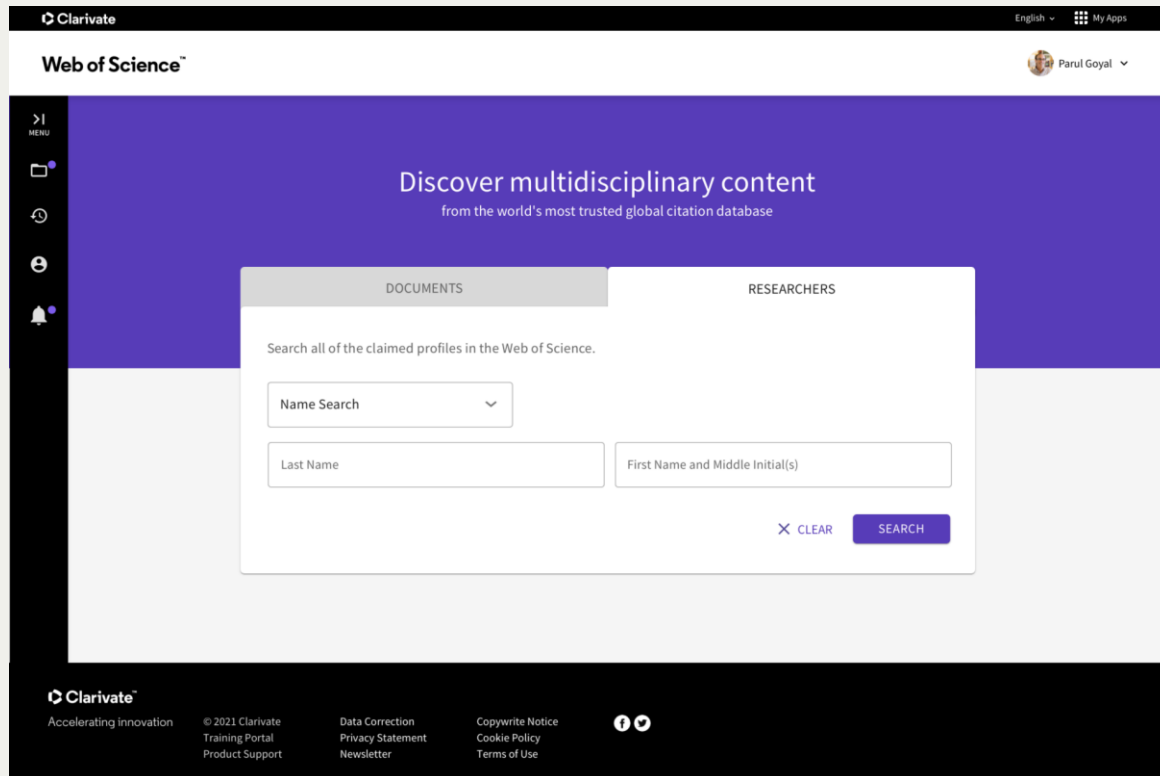

Researcher Profiles

Cada vez é mais importante facilitar o acesso às informações de sua produção científica. É possível para potenciais colaboradores, editores de periódicos, administradores de Universidades, e outros facilmente encontrarem as informações do que você publicou, editou ou revisou?

- A Plataforma Publons migrou para a Web of Science
 - Porque você deve criar/validar seu perfil
- Relatório de Citações
- Análise da posição do autor
- Rede de co-autores
- Beamplot do impacto do autor; uma alternativa ao Índice H
- Mapa de Citações Geográfico
- Busca por organização
- Atualização de perfil

Uma única experiencia

- **Visualização grátis** – Nenhuma função de busca, pode ver o perfil a partir de um link
- **Usuário registrado (sem subscrição)** – Busca por Perfis, não registros de autores ou Documentos. Pode ver as publicações, mas somente algumas métricas.
- **Usuário com subscrição** – Acesso e buscas completos

Uma única Plataforma a ser gerenciada

Editar detalhes

Barra à esquerda para gerenciamento

Notificações

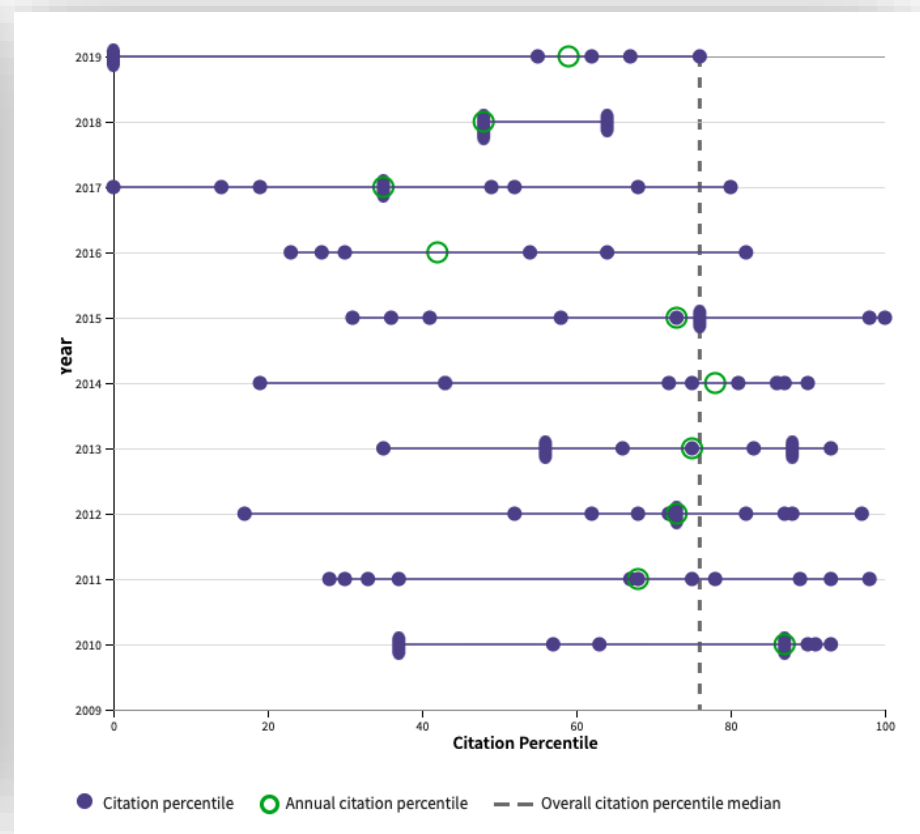

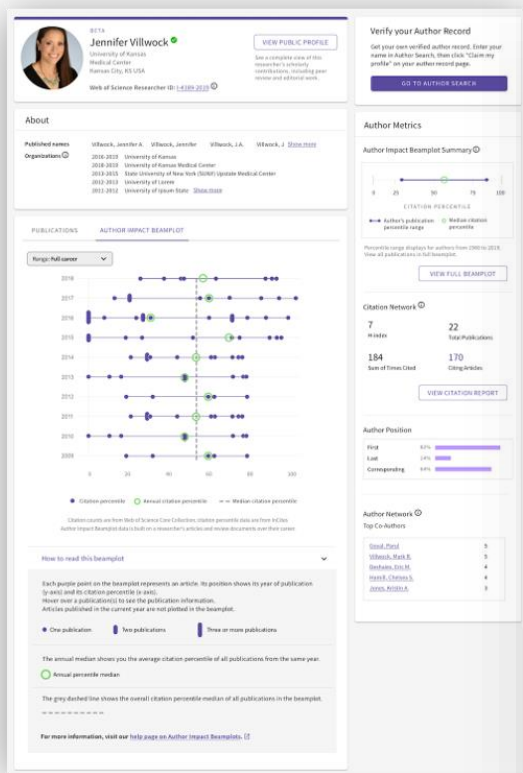

Possibilidade de filtros e refinamentos do conteúdo

Porque criar o seu Perfil de Pesquisador na Web of Science?

- Acompanhe sua contribuição à pesquisa e impacto em uma Plataforma única.
- Além do Relatório de Citações, esse perfil centralizado será também consultado por comitês para contratação, editoras, e financiadores.
- Os dados da Web of Science são considerados os de maior confiabilidade para sua performance.
- Benchmark sua performance em relação a seus pares.

Beamplots de Impacto do Autor

Primeiro passo para uma avaliação mais responsável da pesquisa

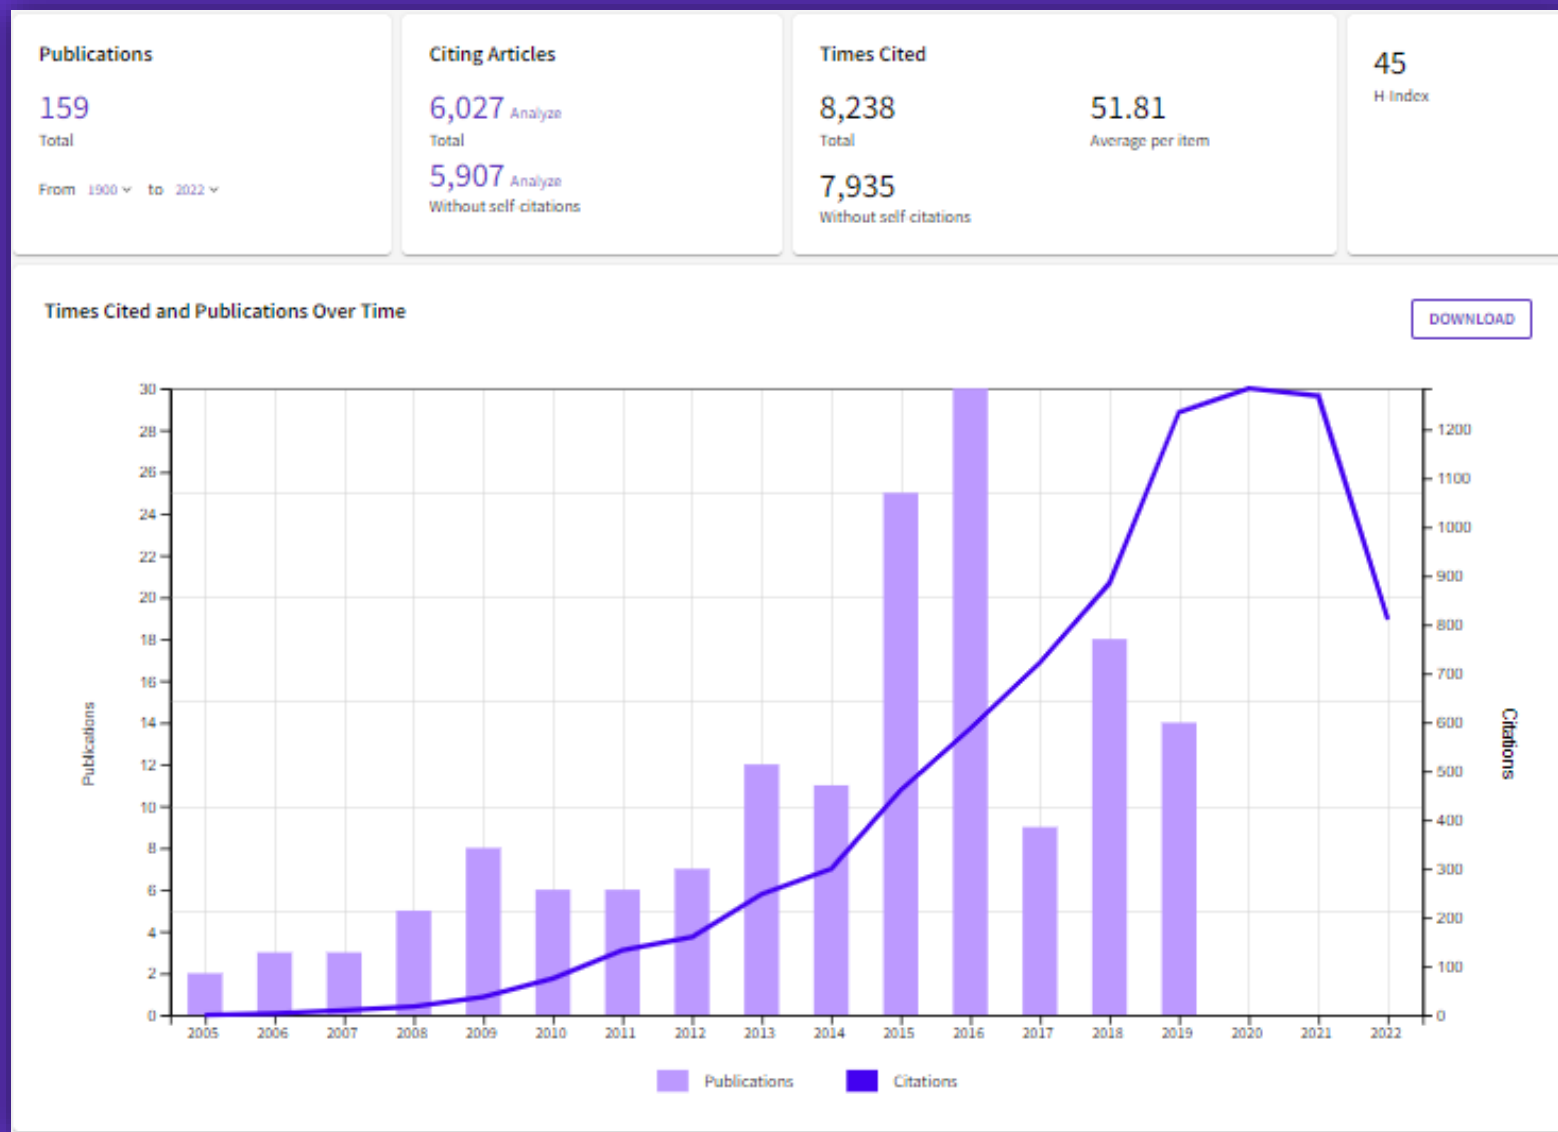

- Vá muito além que o Índice H com novas visualizações, que vão lhe ajudar a analisar em contexto a influencia academica de pesquisadores ao longo do tempo.
- Rapidamente obtenha dados multidimensionais para lhe ajudar com informações para promoção, indicações ou financiamentos, e contam a história de sua carreira.

Saiba mais : [ISI whitepaper](#), [video](#) e [guide](#)

Relatório de Citações:

- Lista suas publicações e citações
- Utilizado para avaliações e promoção
- Consultado por financiadores e agencias de fomento

Posição do Autor & Rede de Co-autores (colaboração)

- ❑ Percentual como primeiro, último ou autor de correspondencia
- ❑ Quem são seus colaboradores mais frequentes?

Author Position

First	24%
Last	48%
Corresponding	23%

Co-authors

Sugimoto, Cassidy R.	46
Gingras, Yves	34
Archambault, Eric	19
Macaluso, Benoit	18
Mongeon, Philippe	16

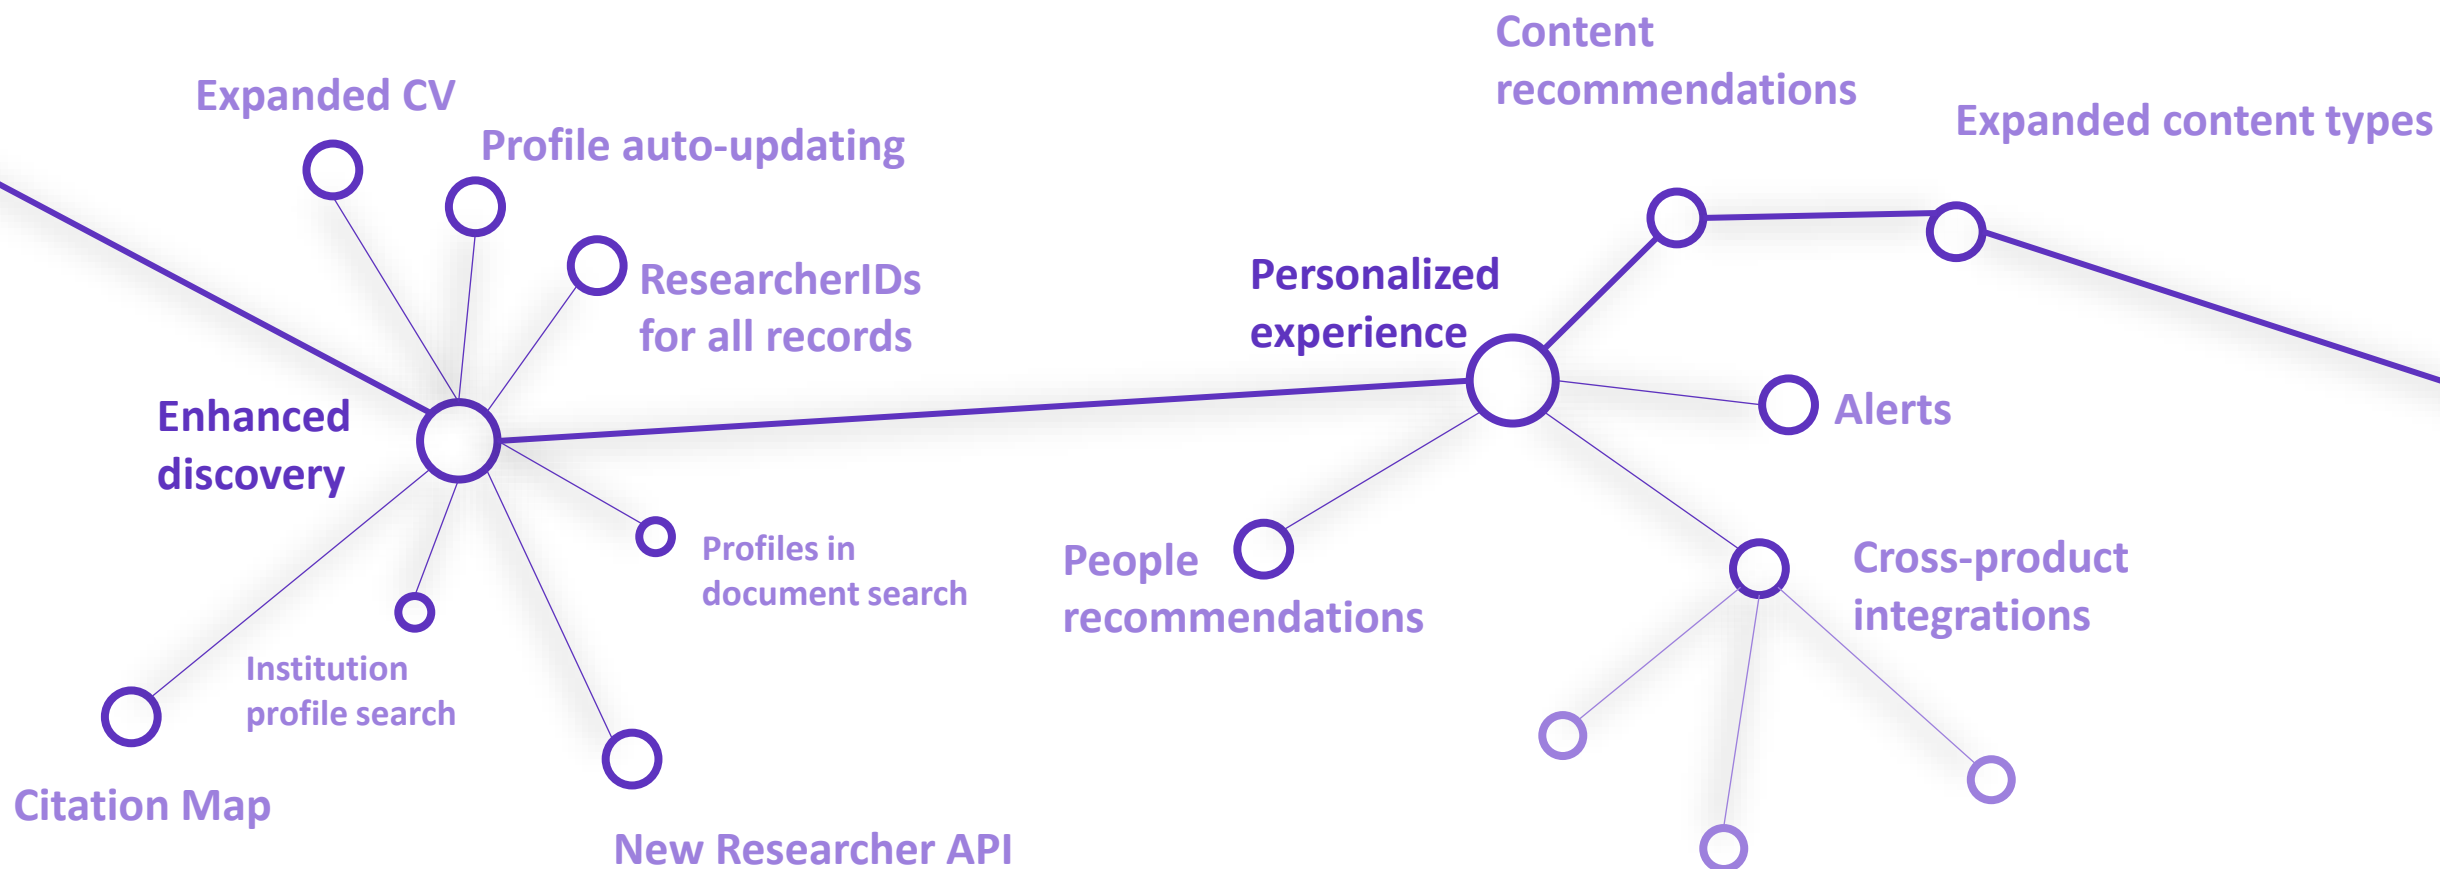

O Mapa Geográfico das Citações

- Somente para perfis *reinvindicados*
- Dê zoom em cidades (círculos azuis)
- Clique nos pins vermelhos para detalhes de papers citando o seu trabalho de uma cidade específica.

Futuras implementações

Solucionando mais problemas através de todo o ciclo de vida da pesquisa

Simplifique o gerenciamento de perfis

Web of Science Researcher Profiles

The screenshot displays the Web of Science Researcher Profile for Jennifer Villwock. The profile includes a profile picture, name, affiliation (University of Kansas - Medical Center), and Web of Science Researcher ID. It also lists published names, organizations, and other identifiers. The metrics section shows 7 publications, an H-index of 184, and 170 citing articles. The peer review metrics show 31 verified reviews and 8 verified editor records. The author impact beamplot summary shows a citation percentile range from 0 to 100, with the author's percentile at approximately 50. The author position bar chart shows 82% First, 14% Last, and 64% Corresponding. The author network shows top co-authors: Goyal, Parul (5), Villwock, Mark R. (5), Oubiane, Eric H. (4), Hamill, Chelsea S. (4), and Jones, Kristin A. (3).

- Mostre suas publicações (indexadas na WOS ou não), métricas de citações, peer reviews, trabalhos como editor em periódicos e awards, em um perfil aberto e fácil de manter atualizado, com versão 'free' que pode ser compartilhada.
- Ganhe visibilidade com menos esforço, gerenciando seu perfil que possui integração fácil com o ORCID.
- Ganhe tempo para encontrar experts de qualquer área, com as opções de busca e filtros.

Mantenha-se atualizado com os pesquisadores da sua área

Opções de alertas para Web of Science Researcher Profiles

Alertas de citações ao seu perfil

Monitore a influencia de seus trabalhos com alertas por email automáticos e semanais, notificando de novos artigos que citam seu trabalho.

Alertas de publicação do autor

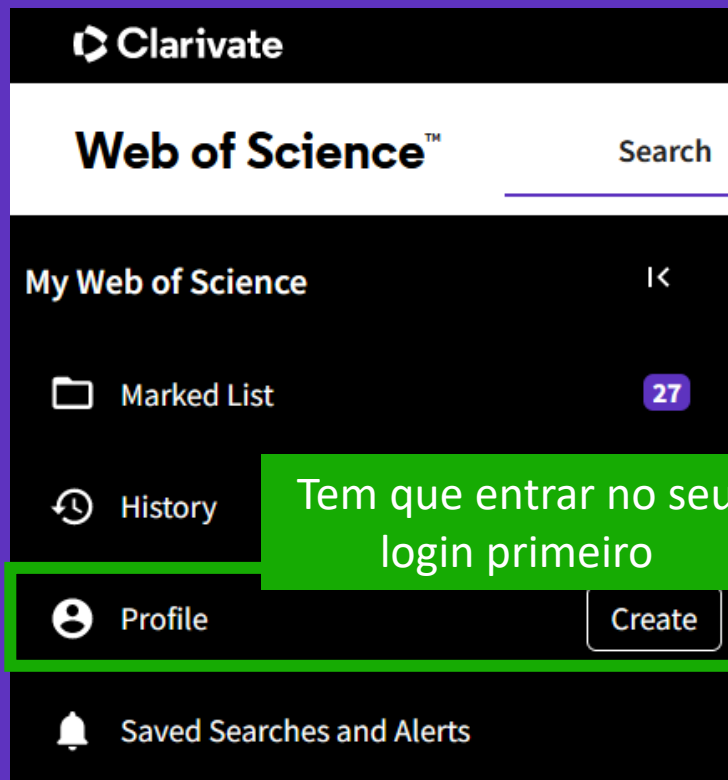

Fique atualizado, seguindo pares, colaboradores, e pesquisadores de seu interesse, e seja notificado quando eles publicam novos trabalhos, recebendo alertas por email mensalmente.

Alertas de citações a autores

Acompanhe o desenvolvimento dos trabalhos das conexões na sua rede, com alertas por email semanais que mostram quem tem citado o trabalho dos pesquisadores que você se interessa.

Criando o seu Perfil

Tem que entrar no seu login primeiro

Se necessário, você pode criar um perfil vazio para ter o Web of Science Researcher ID, e adicionar seus primeiros trabalhos depois

Ganhe tempo sincronizando seus perfis Web of Science e ORCID

- ❖ Sincronização pode ser feita em apenas 4 passos
- ❖ Usuário pode decidir o nível e direção dessa sincronização
- ❖ Sincronização pode ser automática ou manual
- ❖ Publicações são enviadas imediatamente
- ❖ Peer reviews são enviados diariamente
- ❖ ORCID e ResearcherID mostrados como links nos respectivos perfis

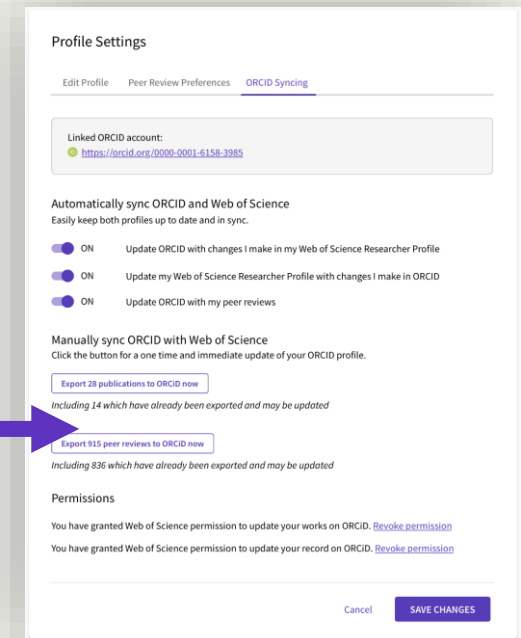

1. Login e veja seu perfil. Clique **Edit**.

2. Clique **ORCID Syncing**, e então **Connect your ORCID ID**

Authenticate with ORCID

3. Autentique com o ORCID

4. Mude as opções de sincronização. Clique **Save changes**

Sincronize com o ORCID – Etapas

Página de Help da Web of Science [aqui](#)

Para a sincronização, você precisa de seu número de ORCID.

Para adicionar seu ORCID ao sua configuração do perfil

1. Clique em Editar no seu perfil no menu, ou a partir do perfil diretamente. on Edit
2. Vá até sincronização com ORCID
3. Clique em 'Connect my ORCID'
4. Autentique com o ORCID usando seu número de ORCID e senha
5. Sua sincronização está completa e você pode escolher a forma de como a sincronização vai acontecer!

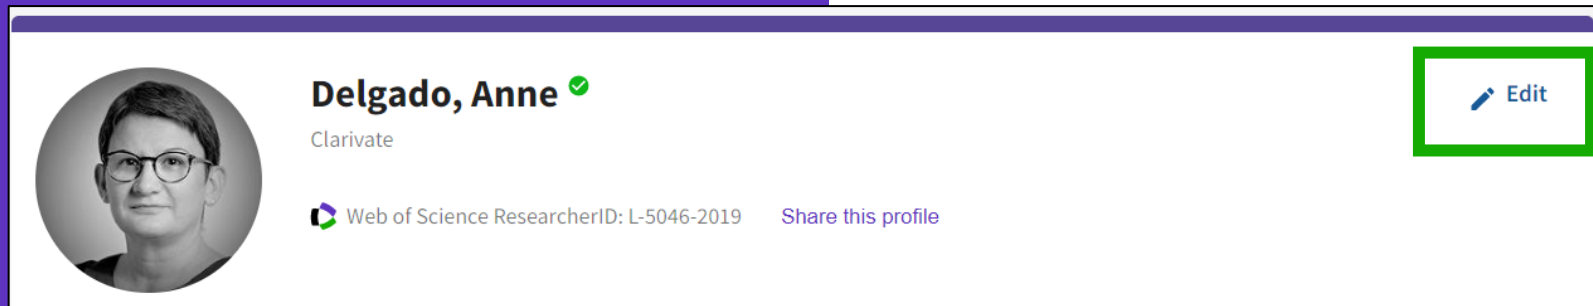

Sincronize com o ORCID – Etapas

- **Exemplo de sincronização**

- Uma vez que você adicionou seu número do ORCID ao seu perfil da Web of Science, poderá importar publicações do ORCID para o seu perfil automaticamente ou manualmente.
- Veja a opção “Keep my publication list up to date with my ORCID record” na aba de sincronização do ORCID do seu Perfil.
- Habilitando essa opção significa que as mudanças feitas no ORCID serão refletidas no seu Web of Science Researcher Profile.
- Essa atualização acontecerá quando :
 - Uma nova publicação elegível entrar no ORCID
 - Publicação elegível pode ser um artigo ou conference paper, e ter um título.
 - Uma publicação importada previamente ter sido removida do ORCID
 - Uma publicação importada previamente ter algum dos seguintes campos modificados no ORCID:
 - Título, DOI, UT (Web of Science nr de acesso), Pubmed ID, arXiv ID, nome do periódico, data da publicação

Se a sincronização está habilitada, essas atualizações devem estar visíveis no seu Web of Science Researcher Profile em 10 minutos de ocorrerem no seu registro do ORCID. Se não acontecerem, por favor contatem suporte técnico.

Novas publicações serão automaticamente adicionadas em seu perfil (a menos que você decida desativar essa funcionalidade)

Como funciona?

- **Adições automáticas só funcionam para perfis que contenham pelo menos uma publicação vinda da Web of Science Core Collection** (O algoritmo se baseia nos metadados desses artigos)
- **Só publicações da Web of Science Core Collection são adicionadas automaticamente para perfis reivindicados e não-reivindicados** (E também preprints, se este índice estiver ativado em sua instituição)
- **Para perfis reivindicados, publicações automaticamente adicionadas são colocadas, não sugeridas** (Queremos poupar tempo e trabalho dos usuários, adicionando através dos parâmetros do algoritmo)
- **Auto-adições a um perfil não são instantâneas** (Podem levar alguns dias até que o trabalho seja adicionado automaticamente ao perfil, de quando foi indexado na base)

O usuário será informado por email quando novas publicações forem adicionadas ao seu perfil reivindicado

Document Type: Article

Abstract

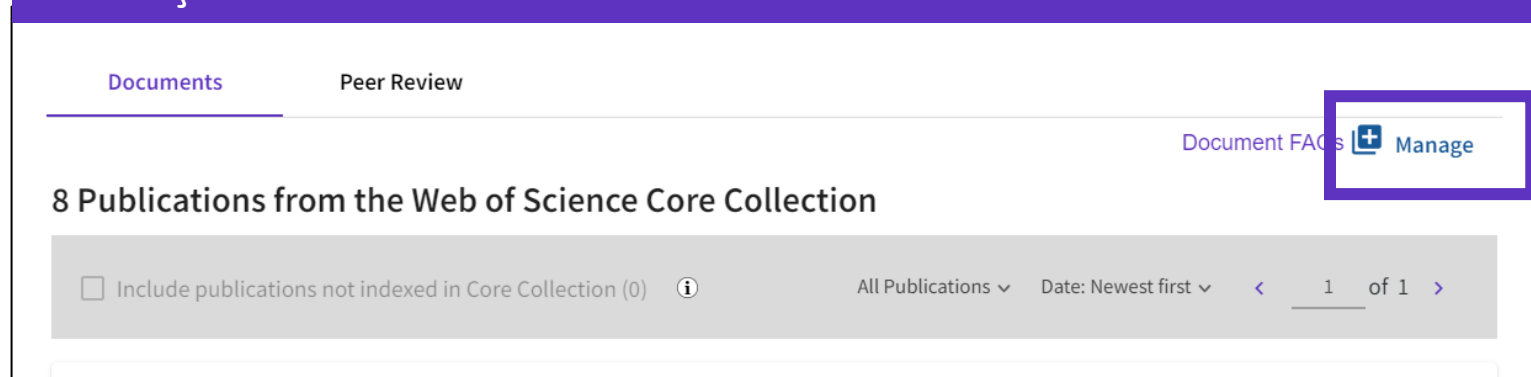

Demineralized and disinfected waters may have very low microbial loads, requiring that large volumes of water are filtered to recover enough biomass for further analysis. Extended filtration periods, often interrupted by clogging, are a major limiting factor to concentrate samples' microbiota for further examination, besides hindering the work pace. In this study, we investigated the performance of three types of filtering membranes polycarbonate (PC), cellulose nitrate (CN), and polyethersulfone (PES) with 0.22 um pore size for culture-independent microbiological analysis (quantitative PCR of seven housekeeping and integrase genes) of tap water, recirculating tap water in a bottle washing loop, and of demineralized water. Compared to PC membranes, CN or PES required lower filtration periods, although had slightly lower DNA extraction yields.

Remover publicações

Se você acidentalmente adicionar uma publicação ao seu perfil que gostaria de remover, você pode deletá-la a partir da página dos registros de Minhas Publicações.

The screenshot shows the 'My Publications' page with two tabs: 'Documents' and 'Peer Review'. The 'Documents' tab is active. On the right side, there is a 'Document Actions' menu with a '+' icon and a 'Manage' button, which is highlighted with a red box. Below the tabs, it says '8 Publications from the Web of Science Core Collection'. There is a checkbox for 'Include publications not indexed in Core Collection (0)' and a filter dropdown set to 'All Publications'. The date is set to 'Newest first' and the page is '1 of 1'.

The screenshot shows a single publication entry. The title is 'Convenient synthesis and properties of polypropyleneimine dendrimer-functionalized polymer nanoparticles'. The associated author is 'Delgado, Anne'. The date is '2008-01-01' and the size is 'Small'. On the right side, there is a '13 Citations' label and a 'Delete' button, which is highlighted with a red box.

Crie um CV

Clique na opção Exportar

The screenshot shows a researcher profile for Marisa Ruccolo. On the left is a circular profile picture with the initials 'MR'. To the right of the picture, the name 'Marisa Ruccolo' is displayed with a green checkmark. Below the name is the 'Web of Science ResearcherID: AFV-2647-2022'. An 'Edit' button with a pencil icon is located to the right of the name. At the bottom of the profile section are two tabs: 'Documents' (which is selected) and 'Peer Review'. To the right of the profile is a dark blue banner with a document icon and the text 'Applying for a job or funding? Export your profile as a CV in one click.' A large red arrow points down to this banner. Below the banner is a section titled 'Verify your Author Record' with the text 'Get your own verified author record. Enter your name in Author Search, then click "Claim My Record" on your author record page.' At the bottom of this section is a purple button labeled 'Go to author search'.

Selecione as opções de Exportação : Você pode escolher quais os dados quer incluir em seu CV. Selecione o período de tempo, depois as publicações, métricas de citação, prêmios, e outros dados que queira compartilhar.

Exportar PDF: Os dados que você selecionou serão formatados e enviados por email.

Export your Profile

Your Web of Science CV provides evidence of your academic service contributions to strengthen your funding and promotion applications. It demonstrates how often top journals rely on your expertise, and includes your publications, citations, peer review history and work as an editor.

Before we can export your Web of Science CV for you, you'll need to do one of the following:

Add at least one [publication](#)

Add at least one [review](#) and have it verified

Add at least one [editor record](#) and have it verified

The screenshot shows a Web of Science CV profile for Pierre Revue. At the top, it says "Web of Science™ Web Of Science CV Prepared on April 26th 2022". Below this is a profile picture and the name "Pierre Revue". The profile includes a URL, a Web of Science ResearcherID, and an ORCID. The current affiliation is listed as "Lund University from 2019 until present". Under the "Peer review awards" section, there are several awards listed, including "Top reviewers in field: Social Sciences 2019", "Top reviewers in field: Clinical Medicine 2019", "Top reviewers in field: Cross-Field 2019", "Top reviewers in field: Clinical Medicine 2018", "Top reviewers in field: Medicine 2017", "Top reviewers in field: Engineering 2017", "Top reviewers for country/region: Sweden 2017", "Top reviewers for institution: Lund University 2017", "Top reviewers for institution: Lund University 2017", "Top reviewers for institution: Lund University 2017", and "Top reviewers for journal: British Journal of Surgery 2017". The bottom section is titled "Publications" and "PUBLICATION METRICS".

Existem 3 opções para fazer sua busca de autor

1) Nome – 2) Identificador de Autor (Researcher ID ou ORCID) e 3) Organização (unificada)

The image displays two screenshots of the Clarivate search interface, specifically the 'RESEARCHERS' tab. The top screenshot shows a search filter for 'Organization' with a dropdown menu open, listing 'Organization' as the selected option. Below the filter, there is a search bar containing 'Pacific Northwest National Laboratory' and a 'Search' button. The bottom screenshot shows the same interface but with a different search filter selected, 'Most recent publications', and a 'Search' button.

Top Screenshot:

- Tab: RESEARCHERS
- Filter: Organization (dropdown menu open)
- Search Bar: Pacific Northwest National Laboratory
- Buttons: Clear, Search

Bottom Screenshot:

- Tab: RESEARCHERS
- Filter: Organization (dropdown menu closed)
- Search Bar: Organization
- Radio Buttons: Most recent publications, Publications within 5 years, All publications
- Buttons: x Clear, Search

Encontre Pares e Colaboradores com a Busca por Pesquisador

As a **registered user**, search the claimed profiles of others by name or identifier. If you are also a Web of Science subscriber, searching also includes unclaimed author records and documents.

The screenshot shows the Web of Science search interface. At the top, there is a navigation bar with the Clarivate logo, the text 'Web of Science™ Search', and user options for 'English' and 'Products'. Below this is a search modal window with two tabs: 'DOCUMENTS' and 'RESEARCHERS'. The 'RESEARCHERS' tab is active. It contains a 'Name Search' dropdown menu, a 'Last Name *' text input field, and a 'First Name and Middle Initial(s)' text input field. There is also an 'Add name variant' button and 'Clear' and 'Search' buttons. A callout box points to the 'Name Search' dropdown with the text 'Sign into your profile to search'. Another callout box points to the 'Name Search' dropdown and the 'Last Name *' field with the text 'Search by name or identifier'. A third callout box points to the 'Name Search' dropdown with the text 'Name Search' and 'Author Identifiers'.

Pesquisa de registros de autores por afiliação

Vai lhe ajudar a localizar perfis de seus pesquisadores, que estejam reivindicados ou não

The screenshot shows a search interface with two tabs: 'DOCUMENTS' (highlighted) and 'RESEARCHERS'. Below the tabs, there are two input fields. The first is a dropdown menu labeled 'Organization' with a downward arrow. The second is a text input field labeled 'Organization' containing 'Polytechnic Institute of Porto' and a clear 'x' button. Below these fields are three radio button options: 'Most recent publications', 'Publications within 5 years' (which is selected), and 'All publications'. To the right of these options are two buttons: 'x Clear' and 'Search'. At the bottom left, there is a link 'What do these mean?'.

- Use a lista que aparece quando começa a digitar, para selecionar a instituição (do índice de Afiliação) e escolha como quer fazer a busca.
- Pesquisadores são associados à uma instituição pelas afiliações na publicação, e podemos considerar suas publicações mais recentes, dos últimos 5 anos, ou todas.

Web of Science™ Researcher API

December 2022

The Web of Science Researcher API complements our suite of RESTful Web of Science APIs to provide complete researcher profile data from the Web of Science

Publication metadata

Web of Science Starter API
Support search and data integration using limited Web of Science data returned as JSON or XML

Web of Science API Expanded
Support search and data integration using full Web of Science data returned as JSON or XML

Publication metrics

InCites API
Support bibliometric analysis and integration of document-level metrics

Journal metadata/metrics

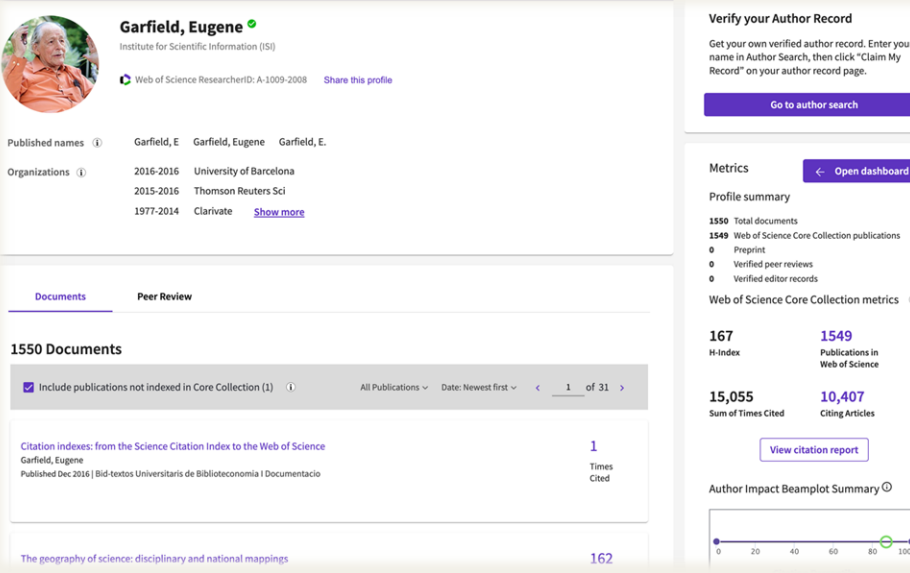

Web of Science Journals API
Support bibliometric analysis and integration of journal-level metrics

Web of Science Researcher API
Support bibliometric analysis and integration of researcher profile data

Web of Science Author Records

The screenshot shows the author record for Eugene Garfield, including his profile picture, name, affiliation (Institute for Scientific Information), and Web of Science ResearcherID (A-1009-2008). It lists his published names, organizations (University of Barcelona, Thomson Reuters Sci, Clarivate), and a list of 1550 documents. A 'Peer Review' section shows 1 document. Metrics include 167 H-Index, 15,055 Sum of Times Cited, and 1549 Publications in Web of Science. An 'Author Impact Beamplot Summary' chart is also visible.

See <https://developer.clarivate.com/apis/wos-researcher> for more information on the Researcher API.
See [Web of Science Researcher Profiles](#) for more information on Author Records in Web of Science.

API usage

Researchers

Researcher data and metrics

- GET /researchers Search researchers
- GET /researchers/{rid} Get detailed information for a Researcher
- GET /researchers/{rid}/peer-reviews Get peer reviews list for a researcher
- GET /researchers/{rid}/documents Get documents published by a researcher

Queries:

Operator/Attribute:

- **FirstName**
- **LastName**
- **ResearcherID** or **RID**
- **ORCID**
- **Organization** or **OG**: Organization Enhanced Name (currently only primary affiliation)
- **Topic** or **TS**: Title, Abstract and Keywords

Attribute filtering possible with = (equals), ~ (includes), and ! (not)

Example use cases

- Harvest RIDs for your organization (primary affiliation only)
- Pull H-index, along with other metrics, for your researchers at your organization
- Populate researcher profiles
 - Internal use cases, e.g. pre-populate FAR, CRIS etc
 - Seed external profiles, e.g. VIVO
- Get latest researcher metrics
 - Populate FAR with metrics
 - Display researcher-focused data on university site
- Find and track output of leading researchers within a topic

A NOVA Researcher API necessita uma subscrição adicional

Crie alertas de citações semanais para o seu perfil

- Todos os pesquisadores que possuem perfis podem receber alertas quando seus trabalhos forem citados!
- A notificação por email indica quais artigos foram citados por outros artigos individualmente.
- O máximo de 3 artigos citados é mostrado no email. Para a lista completa clique em “View citing publications”.
- Na página do sumário do alerta na Web of Science, procure pelo link “Cited publications” no registro e clique na setinha para mostrar o título.

Greetings! Your work has been cited.

[Rodrigues, CC; Salla, RF and Rocha, TL](#)

Feb 15 2023 | [JOURNAL OF HAZARDOUS MATERIALS](#) 444

Microplastics (MPs) and nanoplastics (NPs) are ubiquitous emerging pollutants in the environment. Although MPs/ NPs' hazardous effects have been described at different trophic levels, little attention has been given to how they can affect gastropod communities. Thus, the current study aimed to summarize and critically address data available in the scientific literature about micro(nano)plastics ... [Show more](#)

Personalize sua Homepage

A homepage personalizada está disponível para todos os usuários logados. O dashboard está localizado à direita e inclui 4 sessões :

- Buscas recentes
- Últimos alertas
- Suas métricas
- Recomendações

The screenshot shows a user interface for a personalized homepage. At the top right, there is a user profile section for 'Anne!' with a circular profile picture, the text 'Welcome back, Anne!', and 'Web of Science ResearcherID: L-5046-2019'. Below this are two buttons: 'View my researcher profile' and 'Go to homepage settings' (the latter is highlighted with a purple border). The main content area is divided into two columns. The left column has a 'Recent searches' section with a magnifying glass icon, 'Last updated: Jan 18, 2023, 6:09 PM', and a 'Refresh list' link. It contains two search results: 'Alerting results for New citations for Herrera, Alicia' and '*plastic* AND (ocean OR marine) (Topic)'. The right column has a 'Latest alerts' section with a bell icon, 'Last updated: Jan 18, 2023, 6:09 PM', and 'Refresh list' and 'Mark all as read' links. It contains three alert items with timestamps and titles. Annotations include a green box at the top right with the text 'Você pode expandir ou compactar cada sessão usando a setinha do cabeçalho' pointing to a small upward arrow icon. Another green box at the bottom left contains the text 'Os últimos 10 documentos vistos, sumário de alertas ou histórico de buscas são mostrados. Clique nos 3 pontinhos à direita para ver mais funcionalidades disponíveis na página.' pointing to three-dot menu icons in the search and alert sections.
